Project name: Reconstruction and Civil Works Container Terminal MRS

Location: Rotterdam Waalhaven, The Netherlands

Activity: Application HITEC-Novocrete® technology

Completion date: 28 June 2017

Date: 4 March 2021

REFERENCE LETTER

To date the owner of the container terminal – MAINPORT ROTTERDAM SERVICES B.V. – is very satisfied with the works performed by HITEC and the performance of the HITEC-Novocrete additive. The terminal has been flawlessly operational since completion of the project.

The required quality standards were met. We recommend the acceptance of the works performed by HITEC through the advanced and durable HITEC-Novocrete® technology.
